

Goodwill and Our Community

- Goodwill Industries of Alberta is a not for profit agency.
- We run programs that help individuals with disabilities and disadvantages learn skills and gain employment.
- When you donate and shop at Goodwill you help us fund these programs and make a difference to those individuals and our community.

Goodwill and Our Environment

- By donating and shopping at Goodwill you are extending the lives of many useful items and keeping these goods out of the landfill.
- What we cannot resell is recycled and putting anything in the landfill is our last resort.
